The Law Regulating Newspapers and Periodicals.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

2. Should subscribers order the discontinuance of their papers the publisher may continue to send them until all arrearages are paid, and subscribers are responsible for all the numbers sent.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible till they have settled their bills, and ordered their papers discontinued.

4. The Courts have decided that a refusal to take a newspaper or periodical from the Post Office without notifying the publisher, and the payment of all arrearages, is prima facie evidence of fraud.

5. Subscribers to newspapers or periodicals removing are liable to pay so long as the paper or periodical may be sent to the residence of the party at the time of subscription, unless notice is sent of such removal to the publication office.

GREAT ARTISTIC ATTRACTION!

28 *Beautiful Portraits in January Number!*

To all Lovers of Choice Reading.

1. Your attention is respectfully invited to the character, contents, portrait embellishments, and sterling literary value of THE ECLECTIC MAGAZINE.

2. For fourteen years THE ECLECTIC has found favor with the public and high commendation from the press. It is now in its thirty fifth volume.

3. Its design is to present to its readers the choicest treasures of thought, as the ablest productions of European writers, as they appear in the Reviews and Periodicals of Great Britain.

4. Its combined excellence and permanent value give it a just claim to a place in every well-selected public and private library.

5. It contains the cream from seven foreign Quarterlies.

6. It contains the cream from nine foreign Monthlies.

7. It contains articles from the ablest pens of England.

8. Every fine Steel Portrait embellishit is 1858, 28. Thirty Portraits are worth the price of the work at 12½ cents each.

10. The subscriber gets double the worth of his money. Considering what it contains, Dan Rogers is the cheapest, the safest, the best, the most desirable of all the monthlies. Try it. You will find it so. It saves time. It saves money.

11. No intelligent family—no young lady—no young gentleman, will wish to be without its rich treasury of knowledge, when once examined.

12. Its instructive educational influences on the mind are worth ten times its cost.

13. The public press, far and near, give THE ECLECTIC many commendations. Subjoined are the names of a few:

"The merits of THE ECLECTIC need only to be known in order to be appreciated. This eclectic is worth many times its cost."—*New York Observer.*

We have received many pages of commendation. We add the CONTENTS OF JANUARY NO., selected from six Quarterlies and seven Monthlies.

EATON'S ARITHMETIC.

BANGOR, Oct. 30, 1858.

At a meeting of the School Committee, held this evening, it was

ORDERED—That EATON'S ARITHMETIC be introduced into our Intermediate, Grammar and Select Schools, instead of Greenleaf's, now in use. Attest:

(Signed) FREDK E. SHAW, Sec'y.

The decided satisfaction which this book gives in the school-room, and its unprecedented success, prove that it is a work of rare merit.

All those who are dissatisfied with the books now in use, are requested to give it an examination.

They will find it the most clear, concise, logical and practical treatise on written Arithmetic extant, following as it does the plan of Colburn's *First Lessons*—the two make a complete and popular series.

Copies furnished for examination on receipt of postage—16 cents—on application to

J. BROWN, TAGGARD & CHASE,

The Honey Blade Grass.

THE results which have been attained by experiments in the cultivation of this newly imported species of product, have occasioned an interest among the farming classes in many sections never before equalled in the experience of our agricultural industry. Facts in regard to its valuable properties, which at first seemed almost incredible, have now been established beyond the possibility of a doubt, and its universal, by it can be capable of yielding of a wealth, that its general introduction will add millions of dollars to our agricultural wealth. I have not the space here to enter into details but will present briefly some of its advantages.

First—It will produce double the weight to the acre, in any soil, of any other kind of grass.—From one to six tons per acre is not an uncommon yield, and I am in possession of written statements by disinterested and reliable persons of the yield of over eight tons of good dry hay from a single acre, in soil where it was not possible to get more than one half the amount from any of the common grasses.

Second—The same weight contains more nutriment, and, consequently will sell for a larger price in the market, thus insuring to the farmer more than double the return from the ground that he could obtain from any other forage plant. The hay passes out third more in its nutritious quality and has sold for $18 per ton where the price of timothy was but $10 or $12.

Third—Both hay and seed can be produced from the same crop, the hay being equally valuable as other hay after the seed is taken from it, while the seed is as valuable as the best of other grains, as a feed for horses, cattle, pigs, chickens, &c., and it is proved to be superior to linseed in the manufacture of oil, and must always find a ready sale, at a fair price, for this purpose.

Fourth—It can since in about two months time, and can be sown on ground where other crops have failed, either by drouth or other causes, and, in the same time, will yield as large a crop.

Fifth—In no theory climates, where clover and other grasses are killed out by hard winters, this will yield a large crop, and in those sections, or the South where other grasses will not thrive at all, it will grow very prolific.

Sixth—It will stand all kinds of weather, and, whether the season be wet or dry, the farmer may always rely upon his *Honey Blade* as a sure crop.

These and other advantages are proved by facts which are endorsed by some of the first agriculturalists of the Union and cannot fail to carry conviction to every intelligent reader.

Having contracted, during the past year, for the purchase and importation of the pure *Honey Blade Seed*, I have determined to offer it to the public on such terms as will make it an object to every farmer and planter to interest himself during the coming season, in its cultivation. It is put up in uniform boxes, of about sixteen pounds each, the amount being sufficient to cover one acre, and the price is $3 per bag, delivered in New York or St. Louis.

Single bags, or lots, can be sent to any part of the country as freight or by express and will be properly delivered for transportation, and the proper arrangements made free of charge.

Each bag is stamped with the following coat of arms, and the following letters: "*Honey Blade Hungarian Grass Seed*." It will be sold by agents in various counties but parties should be careful of whom they purchase, and secure the pure genuine seed. they are especially cautioned not to purchase the common Lumpish Grass seed as it is very far inferior to the HONEY BLADE.

An interesting pamphlet, containing all of the facts, and full particulars, will be furnished, free of charge, by me or any of my agents upon application.

I will state, as an addition of the future, that I have taken orders for this article during the present season, to the amount of a million dollars, and this pamphlet has already been supplied to

Parties desiring to secure seed should order at once, as the indications are that the limited amount obtained will be exhausted long before the season of sowing has passed. Those who secure and put a year can realize a rich return by producing seed to supply the demand of farmers and planters for sowing another year.

Orders should be sent directly to me, unless in the vicinity of New York, where they will be filled by J. M. ERICSON & CO., 406 Broadway, New York, General Agents.

Agricultural Societies, General Merchants, and any other parties, properly situated, are invited to act as agents for the sale of the *Honey Blade* Seed. Liberal, Wholesale Terms, and a circular, containing 50 to 100 pamphlets for distribution, will be furnished either by me or the New York Agents, on receipt of 25 cents, to prepay the postage.

I am authorized to name the following well-known gentlemen as references: Hon. John Barrett, President of the St. Louis Agricultural and Mechanical Association; Vice President of the National Agricultural Society, and Member of Congress elect from St. Louis; Gen. T. Tillo an, Oxford, Md., President of the National Agricultural Society; John J. Anderson, Banker, St. Louis; John Riggan, Jr., Banker, St. Louis; and ex-Mayor Washington King, St. Louis.

The Aroostook Election Frauds.

Extraordinary Developments.

Report of an Official Investigation.

The Report of the Commissioner appointed to investigate the recent election frauds in Aroostook County, with the evidence taken by order of the Governor and Council, has been printed, and makes a pamphlet of about fifty pages. We have received some advance sheets, and consider the document of such interest and importance, that we lay before our readers so much of the Report of the Legislative Committee to which the matter was referred, and also of the Commissioner's Report, and the evidence, as we can make room for in our columns.

The document presents the most extraordinary case of deliberate and reckless fraud and outrage upon the integrity of the ballot-box, and the purity of the elective franchise, that has ever occurred in New England. The country has been amazed at the magnitude and the unblushing effrontery of the Border Ruffian frauds in Kansas—resorted to by the Democratic party to overbear the voice of the people, and to subjugate the cause of freedom in that territory. But the people of Maine have scarcely expected a similar degree of desperation and recklessness in the frauds perpetrated by the leaders of the same party at home. The developments now made, however, exhibit a spectacle of shamelessness and determined rascality not second to anything which has transpired in Kansas. The people will be astonished at the unblushing bribery, corruption and outrage resorted to by the Democratic leaders and managers in Aroostook for the purpose of sending to Washington a representative not wanted by the people. And they will demand that the Legislature shall so regulate the election, this rife among the sparsely settled plantations in the northern part of the State, and particularly among the ignorant voters of the French settlements, that such wholesale frauds may in the future be more difficult of perpetration, if not entirely impossible. It is proposed, to this end, that the Machiasport election district shall hereafter embrace no more than a single township; and, instead of requiring, as they do, for distances of from 20 to 70 miles; and that the law which now allows voters in unorganized places to vote in neighboring plantations, shall be repealed. This proposed amendment to the election law is called for by the occurrence of the enormous Democratic fraud of the recent election, and should be at once adopted.

Meantime, we present the evidence of these frauds, and ask the attention of the people. We say to the people, READ, and ponder upon these developments. Consider the character of the transactions therein exposed.—Look at the Border-Ruffian Democracy in the light of its acts, and then say whether such a party is worthy the support or the confidence of a free people, who understand and value the inestimable privilege of self government, so guaranteed to them by a *pure and uncorrupted* elective franchise. The circumstances may well cause them to feel alarm in view of the persistent and bold attempts made to destroy the purity of elections—and call for the utmost republican vigilance and zeal and the party by whom they are perpetrated.

From the Report of the Legislative Committee, made by Hon. E. L. Hamlin, we take the following extracts, in relation to the voting of plantations:

It is provided in the Constitution that electors may vote in the cities, towns and plantations where their residence has been established three months prior to the election. No provision whatever is made for electors residing in unorganized places.

At the time of the formation of the Constitution, it was provided by law, that when any State or County tax was laid on any plantation not organized, the plantation might be organized under a precept granted by the State or County Treasurer for the purpose of assessing and collecting said State or County tax; and in this way it became a plantation for all useful purposes.

In 1843 a law was passed authorizing persons resident in unincorporated places to the number, yearly, in the month of May, last of their respective polls and estate, to the assessors of an adjacent town, and making it the duty of said town officers to assess such persons and collect the tax. Such persons so assessed and taxed and qualified to be electors, in other respects were authorized to vote in such town although their residence was in another place.

This law overrides the constitutional provision in relation to residence, by allowing a person having his residence in an unorganized place to vote in a town, where he is merely a tax payer, but has no legal residence.

In 1844 a new order of things was inaugurated in relation to the exercise of the elective franchise in plantations and in unorganized places. A law was passed this year, authorizing any elector resident in any unincorporated place, and next to a town or organized plantation, provided he resides in his regular abode, town or plantation on or before the first day of June.

Under this law, it soon became a practice in many places to receive the votes of all comers, whether they were their names in a list, and whether they came from places adjacent or remote.

Under this law, the greatest abuses were practised in many plantations in the County of Aroostook, at the last election.

At the extra session of the Legislature in October, 1840, a law known as the "wildcat law" in relation to elections, was passed. This law provided, that any fifteen or more inhabitants in any unincorporated place, by application to the County Commissioners, may be organized into a plantation of any dimensions for the purpose of voting and for running elections.

The following table will show the entire vote in the French plantations for the last four years, also in the Hancock, plantation, being one of them:

Vote of the French Plantations in Aroostook County.

				Total.
1855				453
1856,				580
1857,				569
1858,				858—298 increase.

Hancock Plantation.

	Dem.	Rep.	Whig.	Total.
1856,	147	23	6	177
1857,	113	37	—	150
1857,	134	42	—	176
1858,*	348	12	—	360—Increase, 183

*Including Wallagrass.

It will be seen that, here was an extraordinary increase of about three hundred votes for the year 1858, about two-thirds of which appear in the return from Hancock Plantation. From the fraudulent appearance of these votes, and from the illegal manner in which the elections were conducted in some of the plantations, as will more fully appear from the affidavits of several persons which are herein annexed, it was deemed advisable by the Governor and Council to have an examination made in relation to these matters.

The principal facts established in this investigation in relation to these elections may be summed up as follows:

1. Large sums of money were expended in various ways for influencing the election; a good deal for furnishing intoxicating drinks, particularly in Hancock plantation, where great numbers of the voters were drunk; and some of them stripped the men, were taken and carried about, in the presence of women and children.

2. Great violence and intimidation at several of the voting places. In Hancock plantation all the Republican voters were driven from the polls, and life threatened.

3. Espionage, and unwarrantable supervision at the polls and in counting the votes. In Hancock, Mr. Dickey, a Custom House officer, examined the votes and directed them to his liking. In Masardawaska, Mr. Madigan, a Custom House officer from Houlton, stands all day over the ballot box, and

Congressional.

SENATE.—To-day, the Vice President presented a memorial from citizens of Nebraska, protesting against the annexation of a portion of their Territory to Kansas.

Mr. Hale called up his resolution that no part of the Senate wing should be occupied exclusively for the purposes of the Senate, the Supreme Court and the Court of Claims. Referred.

The Senate then went into secret session.

New Hampshire Election.

CONCORD, March 8, 10.30 P. M.

Our election took place to-day for State officers, three members of Congress and members of the Legislature. The weather is stormy and very bad for expressing the returns, but we hope to get enough to-night to indicate nearly the main result.

The vote thus far stands up as follows:—Gilmore, 12,143; Cate, 8,231. Last year Haile, Republican, 11,542; Cate, 7,306.

Second Dispatch—Concord, 11 P. M. Sixty-seven towns show Goodwin 10,860; Cate 13,822.

One hundred and five Republicans and 36 Democrats voted to the House, and 8 of the 12 Senators. The three Republican candidates for Congress are elected. The Republican majority in the House will be about the same as last year.

CONCORD, 10 P. M.—We have footed up 109 towns which give Goodwin 17,727 majority—135 Republican representatives, and 65 democrats elected; 8 Republican Senators, and 4 Republican councillors and democrat. Every Republican Member of Congress elected.

MANCHESTER, 8th, 11½ PM.—

Manchester elects 13 Republicans and 2 Democrats to the House; Dover 6 Republicans and 2 Democrats; Nashua Claremont, Lyme, Walpole, Derry, Londonderry, Barrington, each 2 Republicans; Rochester, 3 Republicans and a New Market 2, Democrats; Hebron 1 Democrat; Bridgewater, Pitt, Durham, Middleton, Farmington, and South New Market, each 1 Republican; Strafford, 1 Democrat—ten 44 Republicans, 7 Democrats.

WASHINGTON, 8th,

There is no cause to the miscellaneous appropriation bill which passed both houses prohibiting the removal of the Boston Post Office—but as the legislature has required some time to get at the facts.

The Postmaster General died at about half past nine this morning. No had occasional delirium during which he called for "the bill extending to the deceased post office appropriation bill." Quarter of an hour previous to his death he was conscious and took leave of his family.

ADRIAN, Mich., March 8th.

The remains of Jos S. Thurston, the accountant, who made the unfortunate ascension from this city and Separapper, were found on Sunday last near Toledo, and 10 miles from the place of his ascent.

BRIDGEPORT, N. J., March 8th.

A Scranton man by returning from dinner to-day, found that the strikers had taken a strong position at the gate leading to the docks. The Scrantonites approached, headed by the Mayor of Potton and ten men, but had hardly reached the gate when the strikers rushed upon them with stones and clubs, and the fight lasted 30 minutes, when the strikers were repulsed and scattered in every direction. During the melee, shots were fired on both sides. The Scrantonists afterwards collected together, and marched to the docks without stopping. Twenty persons were seriously wounded; but none killed. There will probably be another fight this evening.

WESTERN LOCKS, Conn., 8th.

Francis Wainwright was instantly killed about 8 o'clock this morning, in the Connecticut River canal, by being crushed in the hoisting machine.

DETROIT, 8th.

Navigation is fairly opened at this point, and boats will this week commence their regular trips on most of the routes from this city.

BEAUFORT, 4th.

The schooner Elizabeth Russell, with a cargo of cedar from Florida bound to New York, put into this port a few days ago, and when coming out over the bar was pooped and went ashore. She has been made to land her deck load on the beach, so that at high water the vessel came off.

AUGUSTA, 8th.

Rumors are afloat here of the resignation of the federal officers of R. O. of the Wan for's Affidavit.

TORONTO, 8th.

In Parliament last night the Hon Mr Moore, presented a petition from Hon John Young and others, for an act of incorporation for a company to connect this continent by a submarine telegraph with Great Britain, via Greenland, Iceland and the Faroe Islands.

LEGISLATURE OF MAINE.

MONDAY, 7th.

In the Senate.

Mr Thissell, from the Committee on Agriculture, reported legislation inexpedient on an order, relative to improvement of breed of domestic animals. Accepted.

Passed to be engrossed—Bill prescribing the time for electing assessor in the city of Calais; bill to increase the salary of the County Attorney of Aroostook county; bill to incorporate the Canada Mutual Fire Insurance Company.

Mr Berry called up the resolve relating to the collection of assessments in the land office; and the same passed to be engrossed.

Mr Barrows called up the bill to punish for intoxication. Mr H had examined the bill and found it all right. The bill then passed to be engrossed.

Mr Livermore, from the Committee on the Judiciary, reported a bill in relation to weirs below low water mark in Seward's Bay, Isabec, Washington county. Read and assigned.

Adjourned

In the House.

Orders adopted.—By Mr Porter of Lowell, that petition of Charles K. Miller and others for a railroad from Milford to the east line of the State, referred by the last Legislature to the present, with the accompanying papers, be taken from the files and referred to the Committee on Railroads, Ways and Bridges.

An act relating to the Reporter of Decisions of the Supreme Judicial Court, was read the third time, and laid on the table, on motion of Mr Pike.

Reports accepted—On Judiciary, by Mr Pike, legislation inexpedient on order relating to lien on taxable personal property under mortgage.

On Finance, by same, leave to withdraw on petition of George W. Larrabee; ought to pass of A. Hayford.

On Judiciary—by Mr Pike, an act to change the time for holding terms of the Supreme Judicial Court for the county of Androscoggin; an act to establish a Court of Common Pleas; an act restricting the jurisdiction of the Supreme Court. Bills read and assigned.

Resolve in favor of Westbrook Seminary came up for its final passage and was passed. Yeas 51, nays 28.

MRS. CUNNINGHAM BURDELL.—The N. Y. Evening Mail, through long affidavits made by two of its reporters, substantiates its recent charges against the notorious Mrs Cunningham. By the advice of the editor, Mr Hilton, reporter, was induced to examine the nature of he Matrimonial Traps in New York. He did his work thoroughly, and while pursuing it he was introduced to Mrs Cunningham as a very agreeable widow. He knew her well and was asked to have three interviews.—At the third one she proposed to make a push for him to secure his gold, and she was anxious that he should meet her at a private room, which was declined. From the circumstances he judged that she wished to rob him, and he was twice forcibly detained when he tried to leave the house, outside of which he had taken the precaution to station Mr Marsh another reporter, who testifies that he, knowing her, saw Mrs Cunningham go into the house and followed her when she left it to the house in White street, toward West Broadway. The identification of the woman was complete, and it is quite evident that she is continuing the games at which she is an adept.

Prior to the trial of Mrs Cunningham for the murder of Dr Harvey Burdell, the District Attorney had a keen detective engaged in ferreting her history. It was very voluminous, and disclosed a life that caused the prosecuting officer to use that powerfully vituperative speech with which he opened the case. Of course he could not tell while he knew, as it could not be introduced as testimony, but a remarkable history of the woman is in existence. As from the evidence now brought forward it is apparent that the woman has all the same activity that has characterized her through life, it is reasonable to believe that she will continue till she is at last overtaken in some shame that will close her eventful life. The affidavits in the Tombs Post show her to be the same desperate and avaricious woman that she was represented to be at the time of her trial.

THE WEDDING OF A CANNON GOES HIBOOM A CAR.—While the express train on the Baltimore and Ohio R. R. was passing Cameron station, the inhabitants who were celebrating the 22d of February, fired a heavy piece of ordnance in the direction of the train. The concussion broke the window glass of one of the cars, and the wadding of the cannon passed through the side, which is four or five inches thick, and came nigh striking a lady who was seated in the car.—*Baltimore Sun.*

The Commodious Ship WASHINGTON, 3,000 tons register, Capt. Shelley Comstock, having been fitted up expressly for the California trade, by the New York Canal Co., will leave her pier, North river, New York, on Monday, the 6th of December, at 2 P. M., carrying passengers, mails and freight to San Juan del Norte to connect at San Juan del Sud with the well known A1 Commodious Steamship HERMAN, Capt. Cassedy, for San Francisco, touching at Acapulco. No steamships or steamers will be employed by this company but such as are of the first class, and the fastest route is thereby obtained and in good order, and the country healthy. For passage and freight apply only at the office of the Company, to

JOHN P. YELVERTON, Agent,
oct22 No. 5 Bowling Green, New York.

WINTER ARRANGEMENT.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between New York and Portland, as follows:—Leaves Brown's Wharf, Portland, every SATURDAY, at 4 P. M., and returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

This vessel has just been fitted up with fine accommodations for passengers, making this the most safe, easy and comfortable route for travellers between New York and Maine.

PASSAGE $5 00—including Fare and State Rooms.

Tickets to be had of this line, and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport and St. John, N. B., in connection with steamers for Halifax. Goods sent through with despatch at the cheapest rates.

Shippers are requested to send their freight to the Line Store, 20 P. M. on the day that she leaves Portland.

For freight or passage apply to

HERSEY & FOX, H. B. CROMWELL,
Dexter's Wharf, Portland. Pier 12 N. R., New York.

Portland, October 1858.

California Steamers,

Carrying the United States Mail

5th and 20th of each month.

Through Tickets, including Transit of the Isthmus, via Panama, $300.

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions practised on those bound to California, passengers are cautioned to buy tickets at the only authorized Agencies of the United States Mail Line, as follows:—

By order of the Post-master General, the United States Mail Steamers will hereafter leave their regular dates from New York, so as well on the fifth and 20th of each month.

Passengers are booked at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers without any exposure. This is the only line making entire Through Tickets, guaranteeing no detention on the Isthmus.

Through Tickets to Panama, Aspinwall, Chagres, Havana, and all parts of California, Oregon and Central America.

Passengers are landed at Aspinwall in open boats, and conveyed across the Isthmus of Panama in comfortable cars, a distance of 47 miles, passing through the most picturesque and interesting scenery in the world.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus insuring passengers by the MAIL LINE a sure and short passage, with the greatest comfort and safety to health.

No ticket must be received by any of the Companies' Agents on board unless they would be first known by the Agents of the Company, and countersigned by the authorized Agents of the U. S. and Panama Mail Steamship Companies, in this city.

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

Is it a fact that when the leather is often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proofed, it is rendered soft, and entirely impervious to water.

After the use for 25 years in the manufacture of leather in all its branches, and actual observation troubled with wet feet myself, I was led to experiment upon different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At length by chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of it all the time we worked in a wet tannery with my boots constantly in water, and have no fear but my feet will during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

HONEY.

THE LUXURY AND PROFIT OF

HONEY MAKING

Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling Torrey's *Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with much favor, and taken the first premium wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make them in connection with the Dutch Storm, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey-making business to be all and more than every thing yet invented for the purpose. It secures the requisites for the profitable management of bees, by promoting ventilation at the season of the year—for the exercise and rest of the bees—for convenience for the removal of excrement, for the proper separation of the honey and, also generally to the health and comfort of the workers.

The boxes used in this Hive for storing Honey are the most adapted in the trade, for the market, holding from 2 to 30 lbs. each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of bees, with the new Hive.

For Hives, individual rights, &c. address

DR. LOBENSACK'S Worm Syrup and Liver Pills.

PROBABLY one reason why Worm Medicines are so frequently full of unpleasant effects is the fact that they contain poisonous qualities, except as *Worm Killers*. Those qualities in many instances where we mistake the symptoms of disease and doctor for worms, which the cause of disease is not worms, but a *derangement of the system, and consequent debility and ill health, no good will follow*, whereas in the use of *Dr. Lobensack's Medicines, it being simply a medicinal agent*, as well as a worm killer, the patient immediately gets well, though no worms are to be found.

In fact it will be readily seen that it possesses many advantages over other worm medicines, as it is not only sure to kill, thereby saving the worms, but builds up and restores the patient to general health, besides.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, as granted and patented in England by HENRY GLOVER, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skilful photographers, 233 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—25 cts. per lb.
Bank Bills—$18 for 1,000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.

For Southern climates it is excellent, and much superior to any other, as the moistness of the climate does not destroy it,—the properties inserted in the pulp being preventive. In all the Northern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 25 years, written on the ordinary paper, while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which cast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 73 Mall street New York.

American & Foreign Patents

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington under the Act of 1837.)

76 State St., opposite Kilby St.,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, as well as in Great Britain, France and other foreign countries. Caveats, Specifications, Reissues, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research is made in the American or Foreign works, to decide upon the validity or utility of Patents or Inventions—and legal and other advice rendered in all matters touching the same. Opinions of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its ramifications have advantages for securing Patents, (ascertaining the patentability of inventions) unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere.

The Testimonials below given, show that none is MORE SUCCESSFUL AFTER A CERTAIN PERIOD than the inhabitants and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent and the usual great delay there are, are hereby saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

It is rare for any person to understand so clearly how to conduct a case in the most expeditious and trustworthy manner, and to possess the tact of putting their application in such a form as to secure to them as early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

Boston, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications for patents, in all of which patents have been granted, and in many instances in a short less than the usual time. His general skill and ability in such cases is unsurpassed. I cordially recommend all inventors to employ him to procure their patents, as they may be sure of having the most faithful attention bestowed on the case, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made on cases rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

R. H. EDDY.

THE LIVER

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbific bad matter from the system, supply fresh bile, give it a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood*, giving tone and health to the whole machinery, removing the cause of disease—effecting a radical cure.

Bilious attacks are cured, and while better prevented, by the occasional use of the Liver Invigorator.

One dose after dining is sufficient to relieve the sick headache, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls will always relieve *Sick Headache*.

Only one dose immediately relieves Colic, bilious or nervous.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the invigorator and swallow both together.

Price One Dollar per Bottle.

PORTSMOUTH, N. H., May 20, 1858.

T. C. Butler, Esq.

Dear Sir—During the last year I have sold some 200 packages of your Miller's Condition Powders, for Horses and Colts, and in no instance that I have heard of, have they failed of giving entire satisfaction.

I regard them as standing at the head of all Horse Medicines now in the market, and am sustained in this opinion by all the stable keepers and owners of horses who have used them in this vicinity.

I cheerfully give my testimony in favor of your Powders, and advise all interested to give them a trial. Very respectfully yours,

(Signed) WILLIAM H. PIERSTON,

The Boston Journal FOR 1859.

"The Favorite Paper of New England."

Published Daily, Semi-Weekly and Weekly.

Payment invariably in advance.

In announcing the terms for THE JOURNAL for 1859, the proprietor deems it unnecessary to describe its peculiar characteristics as a Family Newspaper, or to make any special promises for the future. He deems it sufficient to say, that

THE BOSTON JOURNAL

has been in the past it will be in the *future*, the freshest, the most entertaining, the most instructive, and the most reliable newspaper of its class published in America. Its correspondents, its reporters, its editors, its contributors, its literary matter, its commercial and financial reports, its telegraphic news, its market reports, its shipping lists, its local matter, its miscellaneous matter, its editorials, its typographical appearance, its mechanical execution, its general character, and its every department, are and will be conducted with the same fidelity, energy, and ability which have made it the favorite journal of the people of New England, and the leading family newspaper of the country.

Its columns will be found to contain the latest news received by the mails and telegraph up to the time of publication. It is printed on one of *Hoe's New Patent Steam Presses*, at the rate of 5,000 PERFECT COPIES AN HOUR, which enables us to hold back the forms until the very latest moment, and to issue the edition in season for the mails of the day. It is published at the low rate of

Six Dollars a year; Single Copies two Cents.

SEMI-WEEKLY JOURNAL,

Tuesday and Friday Mornings,

Contains all the reading matter published in the DAILY JOURNAL for the three days intervening, from *thirty-one to thirty-six full columns*. The subscription price of the Semi-Weekly Journal is

Three Dollars a Year.

TO CLUBS.

Five copies, one year, $12
Ten copies, one year, 20
To business men in the country who desire a Daily paper, the Semi-Weekly Journal is invaluable.

BOSTON WEEKLY JOURNAL,

Great Success of the Club Plan.

Three years ago the proprietor of THE JOURNAL decided to reduce the price of the *Weekly Journal*, and the success of the low price Club plan has been so great as to induce the following low rates for 1859:

One copy, one year, $2
Two copies, one year, to one address, 3
Five copies, one year, to one address, 7
Ten copies, one year, to one address, 12
And one copy to the getter up of the club.
Twenty copies one year, to one address, 20
And two copies to the getter up of the club.

PAYMENT TO BE MADE

INVARIABLY IN ADVANCE.

At the expiration of the time for which advance payment has been received, the paper will in all cases be stopped.

The great success which has attended the publication of the Club plan in the circulation of the Weekly Journal, and which has been

Tripled its Circulation

since its adoption, encourages the proprietor to continue the same plan. He would therefore suggest to those who are about to take the paper for the coming year, that these low rates of the *best family newspaper published in New England*, at so very *low price*—are within the reach of every man.

The present season is favorable for the formation of Clubs, for which purpose the Journal is circulated in nearly every town and village can, with very little trouble, get up a club or two for more papers, and many could get *one paper for nothing*.

THE JOURNAL FOR CALIFORNIA

Is printed on the 5th and 20th of each month, for mailing by the steamers of the 6th and 21st. It is made up with the special care for the information of New England people in California. Over *twelve thousand copies a month* are sent there, which renders it much larger circulation than any other paper printed in the United States. It is mailed at the rate of *four cents a copy*. A person sending one dollar can have three copies of sixteen numbers sent to any one they may desire.

TO ADVERTISERS.

As an advertising medium THE DAILY AND WEEKLY JOURNAL has no equal in New England. The daily, semi-weekly, and weekly editions are published on the same sheet, and unjust systems of "yearly" advertising have been entirely abolished, and a new system introduced, by which the advertiser pays for the room occupied in the paper, and no more. Advertisements may be left at the Counting Room, or sent by mail or otherwise, with perfect confidence that the price charged will conform exactly to the published rates, and that they will be inserted on precisely the same terms as though handed in in person and a large trade is made in advance. No "Drummers" are employed to solicit advertisements, and no discount from the regular established prices is ever allowed, however large the amount advertised. These considerations, added to the fact that the circulation is nearly

Three Times as Large

As any subscription or Two Cent Daily Paper published in Boston, and that all advertisements appear in both the MORNING and EVENING papers, renders it a favorite medium for communicating with the public, among the most intelligent and enterprising advertisers.

The Boston Journal is for sale at all the Newspaper and Periodical Depots in Boston and all the principal cities and towns throughout New England, and on the cars on all the lines of railroad leading from Boston. It is delivered by regular carriers at the residences and places of business of the citizens of the larger cities, such as Worcester, Salem, Lynn, New Bedford, Newburyport, Lowell, Lawrence, Providence, Portland, Me., Bangor, Me., Concord, N. H., and in the adjoining cities of Roxbury, Charlestown, Chelsea and Cambridge, with the same regularity and promptitude, and in the same manner as it is in Boston.

Orders for either of the editions of the JOURNAL must be accurately accompanied by the cash, and should be addressed to

CHARLES O. ROGERS,
12 State Street, Boston.

To newspapers that may copy this prospectus with an editorial notice directing attention to it, and send a copy *marked* to this office, we will send the Daily Journal for one year. 2id
